

Ymagis Group Announces Corporate Rebranding Initiative

Paris (France) / 30 March 2016 / Ymagis Group (ISIN: FR0011471291, TICKER: MAGIS), the European specialist in digital technologies for the cinema industry, today announced a complete corporate rebranding initiative effective immediately, and which will be rolled out through the second quarter of 2016. This rebranding encompasses all aspects of the visual identity of each brand as well as the complete revision of the company tagline, mission and vision statement. The company is now structured into three business units with new names and visual identities.

“Since its creation in 2007, Ymagis has been a rapidly-growing organization with the acquisition of several digital cinema services companies, including dcinex and Eclair. Our group is constantly expanding its products and services portfolio in addition to introducing our offerings in new markets,” explains Ymagis Group Chief Executive Officer Jean Mizrahi. “This expansion and growth led to the need to re-evaluate not only our visual identity but our brand positioning as a whole. To increase synergies across our divisions, we are streamlining our organizational structure around two compelling names, Eclair and CinemaNext, with the lightning bolt used by Eclair since its foundation in 1907 as a unifying symbol and reminder of the Group’s strong, deep-rooted heritage in the history of cinema - Eclair means ‘lightning’ in French. It is essential to us today that all businesses be recognized by our clients, partners, investors and collaborators through powerful brands and symbols.

1. All Exhibitor Services activities will now be operated under the name **CinemaNext**. CinemaNext’s main office is in Liège (Belgium) with 17 additional offices in the following cities: Düsseldorf, Cuijk, London, Montrouge, Valencia, Athens, Bucharest, Budapest, Casablanca, Istanbul, Lausanne, Lodz, Moscow, Prague, Rome, Vienna and Zagreb.

The business unit is divided into four divisions:

- Equipment Distribution & Maintenance
- Software & Manufacturing
- NOC Services
- Consulting

The CinemaNext name had been adopted since April 2015 by Ymagis Group’s London-based independent consultancy unit (also known as dcinex Consulting), which advises private equity firms, investment/property developers, real estate companies/owners and cinema exhibitors. The consulting division will be rebranded CinemaNext Consulting.

2. All Content Services activities will now be operated under the name **Eclair**. All of Eclair’s, Ymagis’ and dcinex’s domestic and international content activities, including Smartjog Ymagis Logistics, will be united under a single brand, Eclair. Eclair specializes in providing content services to the motion picture and television industries (distributors, producers, sales agents, advertising agencies, television broadcasters, VOD/S-VOD platforms, and video publishers). Eclair’s main office is in Vanves (France) with 10 additional offices in the following cities: Paris, Berlin, Barcelona, London, New York, Liège, Karlsruhe, Strasbourg, Auxerre and Rabat.

The business unit is divided into six divisions:

- Post Production
- Theatrical Distribution Services
- Digital Distribution Services
- Versioning & Accessibility
- Restoration
- Preservation

3. The Ymagis trademark remains the parent brand of the holding company and will be used by all VPF and financial services. Headquartered in Paris (France), the Group is managed by an executive committee made up of Jean Mizrahi, Chairman and Chief Executive Officer; Georges Garic, Deputy Chief Executive Officer; Pierre Flamant, Chief Financial Officer; Till Cusmann, Senior Vice President CinemaNext; Christophe Lacroix, Senior Vice President Eclair; and Manel Carreras, Senior Vice President Eclair, Business Development and Studio Relations.

“We tasked ourselves with developing a brand identity that speaks to our commitment to quality, technology and vision as a ‘glocal’ partner for the motion picture and television industries,” explains Georges Garic, Deputy Chief Executive Officer. “In doing so, we’ve created a distinct and sophisticated look consistent with our new brand architecture: Eclair is a world-renowned brand that brings with it a lofty history dating back to 1907, only a few years after the birth of the motion picture itself, while CinemaNext shows that our services are future looking. What defines our multinational group and our 675 employees around the world is our ability to offer smart and innovative global solutions to clients and implement them on a local basis.”

In addition to its new visual identities, the Group has incorporated the new “Smart Solutions in Action” tagline in its brand executions. Chosen for its ability to encompass the company’s ‘glocal’ positioning and services in a single statement, the new tagline will be a highly-visible component of all branding assets. The Group’s rebranding initiative will impact all aspects of client-facing touchpoints. The brand migration will be rolled out through the summer and will include the launch of the completely redesigned Ymagis.com, Eclair.digital and CinemaNext.digital websites and new product marketing initiatives.

ABOUT YMAGIS GROUP

Founded in 2007 and managed by professionals from both the motion picture and high-tech industries, Ymagis Group is a European leader in advanced digital technology services for the cinema industry. Through CinemaNext and Eclair, we provide smart and comprehensive solutions to movie exhibitors, distributors, event cinema, production companies, cinema/TV advertising networks, rights holders, TV/IPTV broadcasters, VOD platform operators and video publishers. Over the years, the Group has significantly grown its portfolio of solutions & services and further developed its geographic footprint in Europe with permanent offices in 20 countries. The company’s core business is structured around three main units: CinemaNext (exhibitor services), Eclair (content services) and Ymagis (VPF & financial services). As of December 31, 2015, 9,500 cinema screens have been installed internationally by CinemaNext engineers. 7,000 currently avail of service contracts and 6,400 have been installed under VPF contracts. Eclair is the only provider with a content delivery service (via broadband or satellite) across Europe thanks to its network of 3,300 connected cinema sites. A publicly-traded company listed on Euronext, Ymagis Group is headquartered in Paris (France) and employs 675 employees.
